

## A *Smarter* reporting system.

The Smarter Balanced Reporting System allows teachers to focus in on what their students know and can do, providing them with **time-saving tools to help students succeed.**

### Using the Reporting System, teachers can...

#### Focus in on student performance.

Easily access student results based on classes and groups.

- **Teacher-created groups.** Create specific groups to view customized reports.
- **Test scores follow students.** View results for their students who tested at another school.

**Better understand what students know and can do.** View detailed information about interim assessments.

- **Interim Assessment Block (IAB) Dashboard.** See an overview of student results for multiple IABs on one screen.
- **Results by item.** View interim test questions with student responses, scoring rubrics, and item information.

#### Access information about how to help students learn.

Use interim assessment results as one indicator to determine which students need support and which have mastered the content.

- **Resources for instructional next steps.** Access more than 100 Connections Playlists that link IAB results to resources in the Digital Library.
- **Detailed information about student responses.** Use the Key & Distractor Analysis feature to better analyze student responses, and use writing trait scores to identify strengths and weaknesses in student writing.

We are certain our teachers are going to use [the Reporting System] to greatly improve the work that they are doing with their students on a daily basis.”

—Moses Jorge, Los Angeles Unified SD

### For District and School Leaders, the Reporting System offers...

- ✓ **Advanced reporting for District and School Leaders.** Create custom aggregate reports focused on selected attributes (e.g., subgroup performance on selected tests).
- ✓ **Saving reports to share.** Easily export all school- and district-level data with just a few clicks.
- ✓ **Student Information System (SIS) integration.** Automate the creation of student groups.
