

Resources and strategies to help teachers do what they do best... teach!

Tools for Teachers is an easy-to-use website that features lessons and activities created by educators to save time, enhance instruction, and prepare students for college or a career.

A Commitment to Supporting Students

Tools for Teachers focuses on the formative assessment process, which helps teachers identify where students are in their learning, where they are going, and how they will get there. In addition, the website was developed with a commitment to accessibility, making it easy for educators to find the strategies that support diverse learners.

Variety of Resources

Tools for Teachers provides access to a variety of resources that teachers can use to support student learning, including:

- Lessons and activities that can help teachers reach students.
- Meaningful descriptions of observable student performance progressions.
- Formative assessment strategies to help teachers identify where students are in their learning, where they are going, and how they will get there.

Check out Tools for Teachers on Pinterest starting September 30, 2020.

Smarter Balanced also has resources for teachers on how to best use these tools for distance learning.

The screenshot shows a digital instructional resource interface. On the left is a dark sidebar with a search icon and a list of navigation items: 'Get Started', 'Step-by-Step' (with sub-items 1-7), 'Attachments', 'Accessibility Strategies Used', 'Things To Consider', 'Formative Assessment Process' (with sub-items), and 'Strategies Used'. The main content area is titled 'INSTRUCTIONAL RESOURCE' and features the title 'To The Moon: Finding Central Idea' by Brendan Lynch, updated Jan 1, 2020. Below the title is a 'Get Started' section with an 'Overview' subsection. The overview text states: 'In this task, students will listen to a short nonfiction article about the moon landing. They will take notes on a provided document, and be able to... more'. It then lists a 'Learning Goal' and 'Success Criteria'. The right sidebar contains a 'Playlists' section with a 'Listen/Interpret' playlist containing 3 resources.
